UF Speech and Hearing Center Emergency Procedures

Contact the front desk if an employee, student or patient is injured. Tracy Cawley at the front desk will complete an incident report.

**For cardiac arrest, respiratory arrest, choking, loss of consciousness or any life-threatening condition:**

**For rapid response for a security issue:**

Dial 5 – after dial tone – dial 69

**For a patient or family-initiated rapid response:**

Dial 5-wait for dial tone – dial 61

**If a patient, student or employee is injured but conscious or talking:**

Refer them to the Shands Emergency room – 265-0050. They have the choice to go or not go. If they are not ambulatory and cannot make it to the ER on their own, contact the front desk – the front desk will contact patient transport.
